Continuation of Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments: Applicant's representative requested clarification on the previously submitted IDS and the 112/1 rejection. Examiner explained that the IDS should include only publications that were not previously considered. With respect to the last office action, Examiner maintains that the current specification does not provide support for an interactive television system and how it interacts with other claimed components such as a server, computing system, and computer program product. Mr. Jenkins informed Examiner that an RCE will be filed in order to clarify the above issues.
